Information

Official Texas Highway Travel Map

The Official Texas Highway Travel Map is published annually by the Texas Highway Department in the interest of the general public. Special efforts have been made in compiling dat to show a maximum amount of information in the most legible manner.

All distances are listed to the nearest mile. Highway Department Official County Maps are available at Austin at a nominal cost and should be referred to for fractional mileage and other detailed information. As a rule, mileage between points is measured from a courthouse, post office, or center of the business district, but in some cases, a major traffic circle or junction is used. Red mileage figures are computed along the shortest highway routes between red triangles. The city insets are not intended to serve as detailed city maps but to assist cross-country motorists in traveling through these larger metropolitan areas.

Limited space necessitates omission of certain data including some of the important smaller communities; however, villages located at junctions are listed, and all county seats are shown. Only those Farm and Ranch to Market roads that connect arterial highways and communities are shown. The major streams and public lakes of Texas are indicated. Elevations are listed for all county seats. The legend should be referred to and used as a key to the various symbols and information reflected on this map.

Texas Highway Travel Information Bureaus

Location	Address	Phone
Canutillo	U.S. Highway 80, east	YU 7-8918
Channing	U.S. Highways 75 and 69, north	4198

Governor Hogg

It is a pleasure for me, as Governor of Texas, to invite you to tour and see the Lone Star State. We are justly proud of the Texas Highway System, which serves our recreational facilities along with our prosperous commerce and expanding industry.

Over 8½ million Texans join me in welcoming our friends from neighboring states and countries and hope your stay with us is pleasant and enjoyable.

Allan Shivers

Governor of Texas

Facts About Texas

Texas, the land of hospitality, encompasses 171,096,960 sprawling acres creating a variety of terrain and recreational facilities. It is also a prosperous land with a diversified economy. The 8½ million people inhabiting the Lone Star State lay claim to many firsts, bests, mosts, and biggests; however, their greatest virtue lies in their genuine friendliness. This trait has become somewhat symbolic of the state and it is known the world over.

The colorful and romantic history of Texas reflects the story of a group of pioneers who possessed courage, determination, and vision. Texas has served under six flags and her sovereignty has changed eight times. The most hallowed pages found in the annals of Texas history describe the War of Independence. Recorded indelibly are the heroic and gallant deeds performed by Texans in their effort to overthrow an obdurate government and establish a Republic of Texas.

Recreational opportunities are excellent. Fishing and hunting are most popular. The angler can find more than two hundred different species of fish in both fresh and salt waters. Hunting for predatory animals, including mountain lion, coyote, wolf, and others, is particularly thrilling in the vast undeveloped areas. An abundance of deer, turkey, geese, quail, and other wild game provides excellent hunting in practically all parts of the state during seasons. The Gulf Coast with its superb islands and beaches offers fishing, sports, and plenty of healthful sunshine the year round. Texas has numerous inland lakes with excellent recreational facilities and all are well stocked with fish.

The Big Bend National Park in West Texas encompasses over 707,000 acres of majestic mountains and canyons, which are inhabited by all types of animals native to the Southwest. Nature was especially kind to this region in creating scenic wonders. Excellent accommodations are provided in the park and the scenery and restful solitude are unequaled.

There are 48 state parks, providing all types of recreation for the entire family.

No mention of attractions in Texas would be complete without including the historical points of interest. Missions, monuments, and other historical milestones are sprinkled throughout this land, rich in both history and legend. The varied terrain affords an assortment of interesting and spectacular scenes, ranging from the majestic mountains in the west to the cypress bayous in the east, from the Rio Grande Valley in the south to the Great Plains in the northern Panhandle.

There are about 5,000 different species of wild flowers, some of which grow exclusively in Texas. The native flora ranges from rugged cacti to delicate orchids; however, the most notable flower is the bluebonnet, the official state flower. The timber belt in Texas produces lumber (both pines and hardwoods) paper pulp, and various other forest products.

Texas produces more than 130 crops, with King Cotton first, closely followed by a variety of grains and vegetables. Citrus and deciduous fruits, along with all kinds of vegetables, are grown the year round in the Rio Grande Valley.

The cattle industry is one of the oldest and most important industries in Texas. Today about 10 per cent of the total cattle in the United States is raised in Texas. Nearly ⅔ of the farm and ranch land is pasture and range land. In the production of mohair Texas exceeds the rest of the world and is the top wool-producing state in the Union.

Texas leads the nation in the total value of minerals produced, including some ⅔ of the nation's supply of petroleum and ¼ of the world's supply of sulphur. Many other natural resources, including salt, mercury, gold, silver, copper, and iron are also mined.

An abundance of raw materials and natural resources, along with an adequate transportation system, have made Texas the manufacturing and industrial state of the South.

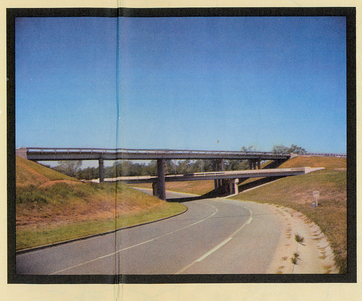
Texans normally enjoys a comfortable climate throughout the year, with temperatures varying from an annual mean of 56 degrees in the Panhandle to 74 degrees in the Lower Rio Grande Valley area. The summers are delightful in the higher altitudes and on the coast. The winters range from occasional freezing northers and some snow in the northern area to the tropical sunshine enjoyed in the southern extremities all year. Rainfall varies from an annual average of more than 50 inches in the east to less than 10 inches in the west.

The official designations of the state are as follows:

State Flower:	Bluebonnet (Lupinus texensis)
State Bird:	The Mockingbird
State Song:	"Texas, Our Texas"
State Motto:	"Friendship"
State Tree:	The Pecan
State Sobriquet:	"The Lone Star State"

There are many factors which make Texas a unique and great state. Its size, its wealth, its natural resources, its history and cultural environment all contribute; but its greatest asset is its people—they make Texas the land of hospitality.

TEXAS HIGHWAYS . . . Serving you for Business and Pleasure



There are some 55,000 miles of highways in the Texas Highway System, about one-half of which are farm-to-market roads. Practically all highways under state maintenance are paved and marked for safety. Special signs have been erected to furnish travel guidance and general information. Texas has no toll roads or bridges in its State Highway System. There are approximately 1,000 roadside parks scattered throughout the state for the convenience of motorists. Many of these in isolated areas are equipped with firewood and drinking water and have complete picnicking facilities. Travel Information Bureaus are operated on the main highways entering the state to provide free maps, descriptive material, and complete routing services to the general public. Information on road conditions and literature on points of interest and recreational facilities in the state are provided through these Bureaus or can be obtained by writing direct to the Texas Highway Department in Austin.

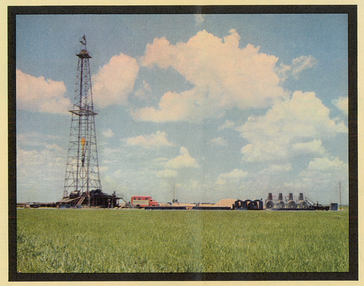
AQUARENA in San Marcos . . . The world's only Submarine Theatre offers daily shows featuring superb talent in underwater choreography. The pool is filled with crystal clear water flowing some 200 million gallons daily from springs.



DRILLING FOR OIL . . . In a rice field in South Texas. This is a familiar sight in Texas, where oil is found in abundance.

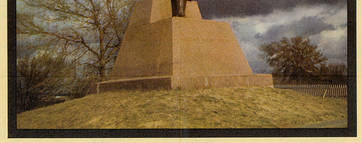
TEXAS COWGIRLS . . . The "old west" is still a part of Texas, where you find real ranch life, wild west rodeos, and western pageants throughout the state. Texas guest ranches offer a truly different vacation.

JAY GOULD'S PRIVATE RAILROAD CAR is a feature attraction at the annual pilgrimage to the historic steamboat town of Jefferson.

BARTON SPRINGS . . . Twenty-seven million gallons of spring water daily keep this beautiful municipal swimming pool in Austin at a constant 68 degrees.

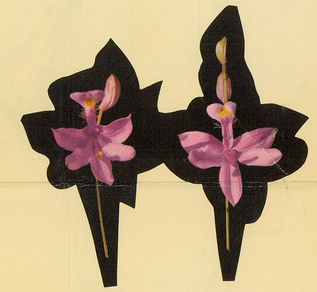
PITCHER PLANT . . . This strange "meat eater" which grows in the swampy areas of East Texas captures and devours insects for its food.

DAVY CROCKETT SPRING . . . It was at this spring that Davy Crockett camped en route to the Alamo. The spring is located in Crockett, named for the famous western frontiersman.



STEPHEN F. AUSTIN, Father of Texas . . . Statue stands in the Stephen F. Austin State Park. There are 48 state parks offering a variety of scenic beauty and recreation for the entire family.

FALCON DAM . . . Mexico greets Texas. Two lovely young ladies join hands across the international boundary atop this famous dam.



WILD ORCHID . . . Beautiful orchids grow in the Big Thicket and parts of South Central Texas.

LAGUNA GLORIA . . . Amidst this picturesque setting on Lake Austin stands Laguna Gloria. This Italian style villa has been made an art museum.

MEXICAN HATS . . . One of the many species of wild flowers found in Texas.

BIG BEND NATIONAL PARK . . . Spectacular scenery, unusual native flora, and a cool, comfortable climate make it a delightful vacation spot.

DEEP SEA FISHING on the Texas Coast . . . Mild winters permit fishing and water sports practically the year round.

EVENING PRIMROSE . . . Found covering the countryside over most of Texas in the spring.

PICKING ORANGES . . . In the southern Rio Grande Valley. In this tropical region grow Texas' famous citrus fruits and a variety of winter vegetables.
