## PREFACE

This document is the printed version of the DOT National Geocoding Converter File 1. The report is arranged alphabetically by state and in ascending sequence by FIPS (Federal Information Processing Standard code). Volume II contains codes for the states of Alabama through Missouri. Volume III contains codes for the states of Montana through Wyoming.

The DOT National Geocoding File 1 was developed by the U.S. Department of Transportation with the aid of the Charles Stark Draper Laboratory Inc., the Urban Systems Laboratory of M.I.T. and Mr. Robert E. Barraclough. The codes used in File 1 are from a variety of sources, all of which are outlined in Volume I, Structure and Content.

The following source codes are copyrighted:

IBM State and County Codes reprinted by permission from "Data Processing Techniques - Numerical Code for States, Counties and Cities of the United States (GC20-8073-0)." Copyright 1969 by International Business Machines Corporation.

Dun State and County Codes reprinted by Permission from "Dun and Bradstreet County Code Book." Copyright 1971 by Dun and Bradstreet," Inc.

Dun SMSA Code reprinted by permission from "Dun and Bradstreet Standard Metropolitan Statistical Area Codes."

SPLC Code reprinted by permission from "Standard Point Location Code Tape." Copyright 1973 by National Motor Freight Traffic Association.

The design of File 1 includes a self-documenting feature to explain codes with uncertain status, codes with which there is some special problem or fields for which no code is available. The self-documenting feature utilizes two special characters, asterisks and dashes. Asterisks in a field indicate that a change has occurred in the status of a county or county equivalent and

the change has not yet incorporated in the source file.  
Dashes in a field indicate that no code is available for that field.  
In Volumes II and III the user is directed to the page on which  
the asterisked information appears.

ALASKA

ALASKA

ALASKA

COUNTY	FIPS	ITC*	COMMENT
	02XXX	Lun	Dun and Bradstreet has assigned a state code to Alaska but has not assigned any county codes within Alaska.
		OBE	OBE employs judicial districts rather than election districts recognized by FIPS as the Alaskan county equivalent. Therefore, the OBE code which appears in this field is not unique for each county equivalent. Individual election districts are assigned the codes of the judicial districts within which they are located.
		GSA	GSA65 has assigned a code to Alaska but has not assigned any county codes within Alaska.
		IBM	When IBM assigned codes to county equivalents in Alaska, there were only 24 election districts in Alaska and the following changes have occurred since then: created from sections of Juneau and Sitka created from a section of Bristol Bay.
Angoon	02030		
Bristol Bay Borough	02060		
Haines	02100		
Outer Ketchikan	02190		
Skaqway-Yakutat	02230		
Southeast Fairbanks	02240		
Matanuska-Susitna	02170		
		MLC	When MLC assigned codes to county equivalents in Alaska, there were only 24 election districts in Alaska and the following changes have occurred since

CALIFORNIA

CALIFORNIA

CALIFORNIA

COUNTY	FIPS	ITEM	COMMENT
Riverside	06065	Former Fips SMSA Year of Entry	In 1971 the San Bernardino-Riverside-Ontario SMSA which consisted of Riverside and San Bernardino counties was retitled as the Riverside-San Bernardino-Ontario SMSA and its code was changed from 7280 to 6780. There was no change in the county components of the SMSA. Thus, although the Riverside-San Bernardino-Ontario SMSA has a new name and code it is actually the same SMSA
Santa Cruz	06087	JUN SMSA	Eun and Bradstreet has not yet assigned an SMSA code to these recently designated SMSA counties
Sonoma	06097		
Stanislaus	06099

CONNECTICUT

CONNECTICUT

COUNTY	FIPS	ITEM	COMMENT
New London	0901103	SPIC Former Fips SMSA Year of Entry	For Connecticut an attempt was made to show a correlation between SMSA and SPIC county sections. Where this correlation exists, it is shown; where no correlation exists, the SPIC's are listed as separate records.  In 1971 the New London - Groton - Norwich SMSA which consisted of a section of New London county was retitled as the Norwich - Groton - New London SMSA and its code was changed from 5520 to 5780. There was no change in the county components of the SMSA. Thus, although the Norwich - Groton - New London SMSA has a new name and code it is actually the same SMSA
Fairfield Hartford	0900102 0903302	Dun SMSA	Dun and Bradstreet has not yet assigned an SMSA code to these recently designated SMSA counties.

HAWAII

HAWAII

HAWAII

COUNTY	FIPS	ITEM	COMMENT
Kalawac		15055	Although FIPS, IBM and GSA65 recognize Kalawao County as a separate county DUN, OBE, NLC and GSA72 associate Kalawao County with Maui County. Therefore Kalawao County has a unique FIPS IBM and GSA65 code but shares the same DUN, OBE, NLC and GSA72 code with Maui County. The coding scheme for the 1972 Economic Census also recognizes Kalawao as a separate county and the county is assigned a unique code on that listing. However, in the 1970 Census of Housing and Population Kalawao was included in Maui County and therefore has no separate code on the MEDLIST.

IDAHO

IDAHO

IDAHO

COUNTY PIPS ITEM COMMENT

Fremont	1608302	YNP	Originally those sections of Yellowstone National Park located in Idaho, Montana and Wyoming were recognized as three separate county equivalents with unique codes. PIPs, OEP, MIC and Census no longer recognize those sections of Yellowstone National Park located in Idaho and Wyoming as separate county equivalents. OEP, GSA65 and GSA72 do not recognize those sections of Yellowstone National Park located in any of the three states (Idaho, Montana and Wyoming) as separate county equivalents. However, DUN, IBM, BPR and ICC still maintain three unique codes for those sections of Yellowstone National Park located in Idaho, Montana, and Wyoming. The code number which appears in this column in cases where the system has no separate code for Yellowstone National Park in Idaho (PIPs, OEP, MIC, Census, OBE and GSA65) is that of the county, Fremont, in which it is located.

MAINE

COUNTY	FIPS	ITEN	SPIC

COMMENT

For Maine an attempt was made to show a correlation between SMSA and SPIC county sections. Where this correlation exists, it is shown; where no correlation exists, the SPIC's are listed as separate records.

MARYLAND

MARYLAND

MARYLAND

COUNTY	FIPS	ITEM	COMMENT
Baltimore City	24510	GSA	

The full GSA65 geographic code includes a city code. The independent city county equivalents in Maryland, Missouri and Virginia are assigned GSA city codes rather than county codes. The county code digits of the GSA code for independent cities which are recognized as county equivalents are zero filled.

MISSOURI

MISSOURI

MISSOURI

COUNTY	PIPS	ITEM	COMMENT
Boone	29019	Dun SMSA	Dun and Bradstreet has not yet assigned an SMSA code to this recently designated SMSA county.
St Louis City	29510	GSA	The full GS465 geographic code includes a city code. The independent city county equivalents in Maryland, Missouri, and Virginia are assigned GSA city codes rather than county codes. The county code digits of the GSA code for independent cities which are recognized as county equivalents are zero filled.
