

Field Test of Monitoring of Urban Vehicle Operations Using Non-Intrusive Technologies: Final Report

Video Clips 1, 2, & 3

The NTL staff was not able to play the video clips in 2021. This may be because the codec is out of date. Users may or may not be able to get them to play.

The Video Clips were placed in this zip file, and added to this record for completeness.

This preservation package of Video Clips was created by the National Transportation Library on 2021-06-03.
