

# I-90 Snoqualmie Pass to Vantage

Traveling through 2016 construction on I-90

## Rock blasting closures on I-90 Snoqualmie Pass

Crews resume blasting the slopes east of Snoqualmie Pass this summer. These controlled rock blasting operations will make room for crews to widen I-90 from four to six lanes. Crews perform blasting operations Monday through Thursday an hour before sunset and close the pass in both directions between milepost 56 to 62. Drivers need to check the “What’s Happening on I-90” website for specific blasting closure dates and times.

## Know before you go this construction season

It’s going to be another busy construction season on I-90. Crews are improving the highway in several different locations between Snoqualmie Pass and Vantage. Crews are building, repairing and painting bridges, adding lanes, repaving deteriorating concrete and stabilizing rock slopes. Take the surprise out of your trip and learn more about what to expect this spring and summer on I-90.

# 2016 Construction - I-90 Snoqualmie Pass to Vantage

**SR 906 West Summit Interchange to Hyak Interchange**  
*Construction June 2016 - October 2016*

- What is WSDOT doing?**
- Repaving SR 906 from the summit of Snoqualmie Pass to Hyak
  - Repaving interchanges

- What do drivers need to know?**
- Prepare for delays due to lane closures on SR 906
  - Utilize alternate interchanges during paving

**I-90 Snowshed to Keechelus Dam (Phase 1C)**  
*Construction April 2015 - October 2018*

- What is WSDOT doing?**
- Adding lanes
  - Building bridges
  - Stabilizing rock slopes
  - Replacing the snowshed with new avalanche bridges

- What do drivers need to know?**
- Prepare for delays due to rolling slowdowns, lane closures and rock blasting

**I-90 Keechelus Dam to Stampede Pass (Phase 2A)**  
*Construction June 2015 - October 2019*

- What is WSDOT doing?**
- Adding lanes
  - Building wildlife overcrossing
  - Building bridges
  - Adding chain-up area

- What do drivers need to know?**
- Prepare for delays due to rolling slowdowns, lane closures and rock blasting

**I-90 Stampede Pass Interchange**  
*Construction Early April 2016 - Early June 2016*

- What is WSDOT doing?**
- Replacing the bridge deck at Stampede Pass Interchange

- What do drivers need to know?**
- The bridge over I-90 at the Stampede Pass Interchange (Exit 62) will be closed from April to June
  - Prepare for delays due to detour and lane closures

**I-90 Price Creek SnoPark Vicinity to Cabin Creek Vicinity**  
*Construction June 2016 - August 2016*

- What is WSDOT doing?**
- Repaving the westbound lanes
- What do drivers need to know?**
- Prepare for delays due to nighttime lane closures

**I-90 Easton Hill Vicinty to Kachess River Bridge**  
*Construction June 2015 - October 2016*

- What is WSDOT doing?**
- Replacing concrete pavement in the eastbound lanes
  - Replacing asphalt in the eastbound shoulders
  - Adding delineation

- What do drivers need to know?**
- Prepare for delays due to nighttime lane closures

**I-90 Oakes Ave Interchange to Peoh Rd Bridge Vicinity**  
*Construction April 2015 - October 2016*

- What is WSDOT doing?**
- Replacing concrete pavement in the westbound lanes
  - Replacing asphalt in the westbound shoulders

- What do drivers need to know?**
- In April, the westbound off-ramp at the Oakes Avenue Interchange (Exit 84A) will be closed Monday through Friday and open Saturday through Sunday. During the closure, drivers can access the Cle Elum area using the SR 970 Interchange (Exit 85). During the weekend drivers need to stay in the far right lane if using Exit 84A.

- From mid-May to mid-June, the westbound off-ramp at the Oakes Avenue Interchange (Exit 84A) will be closed 24 hours a day, 7 days a week. Westbound drivers can access the Cle Elum area via the SR 970 Interchange (Exit 85).

**I-90 Peoh Rd Bridge to Elk Heights Rd Vicinity**  
*Construction April 2016 - October 2017*

- What is WSDOT doing?**
- Replacing concrete pavement in the westbound lanes
  - Replacing asphalt in the westbound shoulders

- What do drivers need to know?**
- Prepare for delays due to lane closures

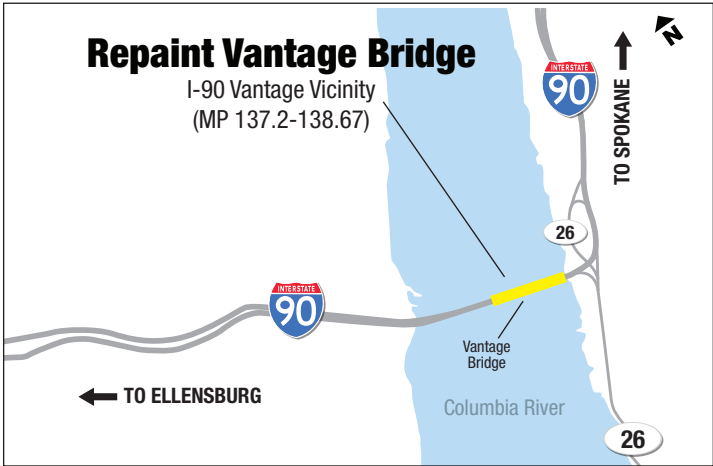

**I-90 and US 97 Ellensburg Vicinity**  
*Construction July 2016 - August 2016*

- What is WSDOT doing?**
- Installing new electronic message signs above the roadway
  - Installing new traffic cameras along the roadway
  - Installing illumination and upgrading existing illuminaion

- What do drivers need to know?**
- Prepare for delays due to lane and shoulder closures

**I-90 and US 97 to Stevens Rd**  
*Construction May 2016 - September 2016*

- What is WSDOT doing?**
- Repaving the roadway
  - Repairing bridge decks
- What do drivers need to know?**
- Prepare for delays due to lane and bridge closures as well as nighttime ramp closures

**I-90 Columbia River Vantage Bridge Painting**  
*Construction April 2015 - October 2016*

- What is WSDOT doing?**
- Repainting the Vantage Bridge to extend the life of the structure
- What do drivers need to know?**
- Prepare for delays due to eastbound lane closures
