

# PORT OF CLEVELAND

Ohio

Great Lakes

Port list:

Dry bulk

Port vicinity map illustrates area facilities. Bridge air drafts may limit vessel traffic.

## Port overview

The Port of Cleveland is located on the southern shore of Lake Erie, at the mouth of the Cuyahoga River. It is a port of call for vessels transiting the Saint Lawrence Seaway. The Cleveland-Cuyahoga County Port Authority's (CCCPA) nine-member board of directors governs the port's facilities, leasing operations to private operators.

CCCPA oversees two marine terminals, the Cleveland Bulk Terminal and a general cargo terminal. Major commodities handled by the port include iron ores, limestone, salt, and cement. Additional private docks and other terminal facilities handle bulk commodities including sand and aggregates, coal, salt, cement, and petroleum products.

The port has access to two Class I rail lines.
