

PORT OF BEAUMONT

Texas

Gulf Coast & Mississippi River

Port list:

Tonnage

Port vicinity map illustrates area facilities. Bridge air drafts may limit vessel traffic.

Port overview

The Port of Beaumont is located on the Neches River, about 42 miles upriver from the Gulf of Mexico and about 84 miles east of Houston. The port is connected to inland waterways and the Gulf Intracoastal Waterway via the Sabine Neches Channel, and is governed by a six-member Board of Commissioners.

There are multiple public facilities that can handle a variety of cargoes as well as a private petroleum terminal. The port primarily handles liquid and dry bulk cargoes such as crude petroleum, petroleum products (e.g., gasoline, naphtha), and grain. Port terminals also handle break-bulk cargoes such as forest products and steel, Ro/Ro cargoes, and military cargoes.

The port has access to three Class I railroads.

Port Updates:

In November 2017, voters passed an \$85 million bond measure that will enable the port to upgrade facilities and improve rail and highway access.
