

UNITED STATES OF AMERICA  
CIVIL AERONAUTICS BOARD  
WASHINGTON, D. C.

Civil Air Regulations Amendment 24-3

Effective: December 28, 1950

Adopted: December 28, 1950

ANNUAL EXPERIENCE REPORTS

Currently effective Part 24 requires holders of aircraft mechanic certificates to transmit to the Administrator, annually, during the month of January, a report for the preceding 12-month period, setting forth the amount and type of their aeronautical experience and such other pertinent data as the Administrator may require. The Board has been advised that these reports no longer serve the purpose for which they were intended and that the Administrator can effectively obtain the information furnished by these reports from the individuals themselves in the event of need. In this connection it should be noted that revised Part 25 which we recently adopted does not require the filing of annual experience reports by parachute riggers.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented. Since this amendment imposes no additional burden on any person, it may be made effective without prior notice.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 24 of the Civil Air Regulations (14 CFR, Part 24, as amended) effective immediately.

By rescinding § 24.45.

[Sec. 205 (a), 52 Stat. 984; 49 U.S.C. 425 (a). Interpret or apply secs. 801, 802, 52 Stat. 1007, 1008, 52 Stat. 1216; 49 U.S.C. 551, 552, Act of July 1, 1948]
