

71

TITLE 14-AERONAUTICS AND SPACE
CHAPTER I-FEDERAL AVIATION AGENCY
SUBCHAPTER E-AIRSPACE (NEW)
(Airspace Docket No. 63-SO-21)
PART 71-DESIGNATION OF FEDERAL AIRWAYS,
CONTROLLED AIRSPACE, AND REPORTING POINTS (NEW)

Designation of Transition Area

On June 8, 1963, a Notice of Proposed Rule Making was published in the Federal Register (28 F. R. 5651) stating that the Federal Aviation Agency proposed to designate a transition area at Natchez, Miss.

Interested persons were afforded an opportunity to participate in the rulemaking through submission of comments. Due consideration was given to all relevant matter presented.

Subsequent to the publication of the Notice, the FAA found that during publication, the radial from the Natchez VOR, used in describing the 700-foot floor transition area extension north of Natchez, was transposed from 012° to 002°. Accordingly, action is taken herein to reflect the correct radial extending from the Natchez VOR.

The substance of the proposed amendment having been published, and for the reasons stated herein and in the Notice, § 71.181 (27 F. R. 220-139, November 10, 1962), is amended by adding the following:

Natchez, Miss.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of Hardy-Anders Field, Natchez, Miss.,

(Airspace Docket No. 63-SO-21)

(Lat. 31° 36' 50" N, Long. 91° 17' 55" W) and within 2 miles each side of the Natchez VOR 012° radial extending from the 5-mile radius area to 8 miles N of the VOR; and that airspace extending upward from 1,200 feet above the surface within a 15-mile radius of Hardy-Anders Field, and within 5 miles each side of the Natchez VOR 192° radial, extending from the 15-mile radius area to 23 miles S of the VOR.

This amendment shall become effective 0001 EST, December 12, 1963.

(Sec. 307(a); 72 Stat. 749; 49 U. S. C. 1348).

s/ H. B. Helstrom

Acting Chief, Airspace Utilization Division
