

TITLE 14-AERONAUTICS AND SPACE

CHAPTER I-FEDERAL AVIATION AGENCY

SUBCHAPTER E-AIRSPACE (NEW)

(Airspace Docket No. 63-SO-6)

PART 71-DESIGNATION OF FEDERAL AIRWAYS,  
CONTROLLED AIRSPACE, AND REPORTING POINTS (NEW)

Alteration of Control Zones and  
Designation of Transition Areas

On May 16, 1963, a Notice of Proposed Rule Making was published in the Federal Register (28 F. R. 4918) stating that the Federal Aviation Agency (FAA) proposed to alter the Memphis (Municipal Airport), Tenn., control zone, NAS Memphis control zone and designate the Memphis and NAS Memphis transition areas.

Interested persons have been afforded an opportunity to participate in the making of the rules herein adopted, and no adverse comments were received regarding the proposed amendments.

Subsequent to the publication of the Notice, the NAS Memphis VOR has been commissioned. Action is taken herein to substitute the NAS Memphis VOR for Lat. 35° 21' 15" N, Long. 89° 52' 10" W (location of the NAS Memphis VOR) in the description of the NAS Memphis transition area. Additionally, it was inadvertently stated in the Notice that an alteration would be made in the Walnut Ridge, Ark., transition area. However, the airspace designation referred to at Walnut Ridge is a control area extension and action will be taken at a later date to convert this control area extension to a transition area under the CAR Amendment 60-21/60-29
