SPECIAL CIVIL AIR REGULATION

LIMITED MECHANIC CERTIFICATE WITH
PROPELLER OR AIRCRAFT APPLIANCE RATING

The following Special Civil Air Regulation is made and promulgated to become effective June 19, 1945:

A mechanic certificate with a propeller or aircraft appliance rating, excepting a parachute rating, may be issued by the Administrator of Civil Aeronautics to an individual who is employed and designated by either a manufacturer holding a currently effective propeller or aircraft appliance production certificate or by an applicant for, or the holder of, a repair station certificate with a propeller or aircraft appliance rating. The individual must be in direct charge of the inspection, overhaul, or repair of propellers or aircraft appliances and his experience and employment record must indicate that he is competent to engage in such activity. The individual to whom a certificate is issued shall exercise the privileges of his certificate only with respect to the work performed for such manufacturer or repair station and through the use of facilities provided by the manufacturer or repair station.

This regulation and the certificates issued in accordance with it shall terminate December 31, 1945.
