Published semi-annually, the Bid Opening Report summarizes data for Federal-Aid highway construction contracts awarded by the various State Highway Agencies during the **First Half of 2001**.

Prior to enactment of the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 (on 12/18/91), the reports summarized data for all Federal-Aid highway construction projects, except for Federal-Aid Secondary and Off-system projects.

After enactment of the 1991 ISTEA, data contained in this report is from Federal-Aid highway projects on the National Highway System (NHS), including Surface Transportation Program (STP) projects that are located on the NHS.

Data for Federal-Aid Interstate contracts includes both Interstate Construction (IC) and Interstate resurfacing, rehabilitation, restoration and reconstruction (I-4R) projects funded with pre-ISTEA funds, and IC and Interstate Maintenance funded under the ISTEA.
