

UNITED STATES OF AMERICA
CIVIL AERONAUTICS BOARD
WASHINGTON, D. C.

Civil Air Regulations Amendment 33-2

Effective: September 27, 1950

Adopted: August 23, 1950

DURATION OF FLIGHT RADIO OPERATOR CERTIFICATES

Currently effective Part 33 provides that a flight radio operator certificate, regardless of the individual to whom issued, shall remain in effect until surrendered, suspended, revoked, or otherwise terminated by order of the Board, and it also provides that a certificate issued to an individual other than a United States citizen shall have a duration of 12 months subject to renewal. This inconsistency resulted from an inadvertent omission from revised Part 33 of the phrase "issued to a United States citizen" in the first sentence of § 33.7 (a), which was intended to specify the duration of certificates issued only to United States citizens. This amendment will correct this inconsistency by providing that a flight radio operator certificate issued to a United States citizen shall have an indefinite duration. No change is made with respect to the duration of a certificate issued to an individual other than a United States citizen.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 33 of the Civil Air Regulations (14 CFR, Part 33) effective September 27, 1950.

By amending § 33.7 to read as follows:

33.7 Duration.

(a) A flight radio operator certificate issued to a United States citizen shall remain in effect until surrendered, suspended, revoked, or otherwise terminated by order of the Board. A certificate issued to an applicant other than a United States citizen shall remain in effect for a period no longer than 12 months after the date of issuance, but it may be reissued without further demonstration of technical competence.

(b) A temporary flight radio operator certificate shall remain in effect for a period no longer than 3 months after the date of issuance.

(c) After revocation, and upon request after suspension, the certificate shall be returned to the Administrator.

(d) Nothing in this section shall be construed to deny or defeat the jurisdiction of the Federal courts, the Administrator, or the

CAA Library

Board to impose any authorized sanction, including revocation of the certificate, for a violation of the Act or of the Civil Air Regulations occurring during the effective period of the certificate.

(Sec. 205 (a), 52 Stat. 984, 49 U.S.C. 425(a), Interpret or apply secs. 601, 602, 52 Stat. 1007, 1008, 62 Stat. 1216, 49 U.S.C. 551, 552, Act of July 1, 1948).

By the Civil Aeronautics Board:

/s/ M. C. Mulligan
