

UNITED STATES OF AMERICA
CIVIL AERONAUTICS BOARD
WASHINGTON, D. C.

Effective: June 15, 1947
Adopted: June 12, 1947

SPECIAL CIVIL AIR REGULATION

LONG DISTANCE DOMESTIC SCHEDULED AIR CARRIER OPERATIONS

The purpose of this special regulation is to extend for an additional 6-month period Special Civil Air Regulation Serial Number 361-A which terminates June 15, 1947.

This regulation provides special operating rules for flights of scheduled air carriers at altitudes in excess of 12,500 feet, east of longitude 100° W. and at altitudes in excess of 14,500 feet west of longitude 100° W. in long distance operations.

Parts 40, 60, and 61 impose undue operating restrictions on long-range domestic scheduled air carrier operations under the above conditions. Revisions to these parts which will provide for such operations are now being prepared. Since the termination date of the present regulation is June 15, 1947, and since the public interest requires the continuation of these long distance operations, without undue restrictions, the notice and procedures required by the Administrative Procedure Act are impracticable, and good cause exists to amend this Special Civil Air Regulation, effective immediately.

Effective June 15, 1947, Special Civil Air Regulation 361-A, as amended, is amended by striking the words "June 15, 1947" and inserting in lieu thereof the words "December 15, 1947."

By the Civil Aeronautics Board:

/s/ M. C. Mulligan
