

TITLE 14-AERONAUTICS AND SPACE  
CHAPTER I-FEDERAL AVIATION AGENCY  
SUBCHAPTER E-AIRSPACE (NEW)  
(Airspace Docket No. 63-EA-38)  
PART 71-DESIGNATION OF FEDERAL AIRWAYS,  
CONTROLLED AIRSPACE, AND REPORTING POINTS (NEW)

Correction

On September 28, 1963, there was published in the Federal Register (28 F. R. 10473) an amendment to § 71.181 of the Federal Aviation Regulations, effective November 14, 1963, designating a transition area at Akron, Ohio. During publication, a longitudinal coordinate, used in the description of this transition area, was transposed from 80° 50' 00" W to 80° 56' 40" W. Accordingly, action is taken herein to correct this discrepancy.

Since this amendment is editorial in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary, and the effective date of the Final Rule as initially adopted may be retained.

In consideration of the foregoing, effective immediately, Airspace Docket No. 63-EA-38 (28 F. R. 10473) is hereby modified as follows:

In the description of the Akron, Ohio, transition area "Long. 80° 56' 40" W" is deleted and "Long. 80° 50' 00" W" is substituted therefor.

(Sec. 307(a), 72 Stat. 749; 49 U. S. C. 1348).

s/ H. B. Helstrom

Acting Chief, Airspace Utilization Division
