BUREAU OF TRANSPORTATION STATISTICS
OFFICE OF AIRLINE INFORMATION**

ACCOUNTING AND REPORTING DIRECTIVE

No. 227 Issue Date: 5/26/98 Effective Date: Immediately

AIR CARRIER REPORTING PUNCTUALITY ASSESSMENT

The Office of Airline Information issues its latest "Air Carrier Reporting Punctuality Assessment" report. The report is issued quarterly covering the most recent six-month period. This report covers the period from October 1, 1997 through March 31, 1998.

This report contains eight tables showing the timeliness factor for each air carrier's recurrent reporting. An average of days late per report is computed for all reports required to be filed during the specific six-month period. The computation considers only the timeliness of filing, and does not relate to the validity of data contained in the submissions. The multiple tables permit comparison among carriers with similar operations or revenue levels.

The data are presented in eight carrier groups as follows:

Table 1 - Majors	Table 5 - Small Certificated
Table 2 - Nationals	Table 6 - Commuters
Table 3 - Large Regionals	Table 7 - All-Cargo
Table 4 - Medium Regionals	Table 8 - Foreign

The air carriers shown in each table are sorted into three possible classifications based on the combined average number of days late. The classifications are: (1) "Timely," (2) "Needs Improvement" and (3) "Unacceptable." Air carrier representatives, responsible for reporting compliance, must take appropriate steps to eliminate late reporting if their carrier is classified as either "Needs Improvement" or "Unacceptable." Since the Department's classification process deals with averages, situations may arise where circumstances make it necessary to consider enforcement proceedings for air carriers classified as "Needs Improvement," as well as those in the "Unacceptable" classification.

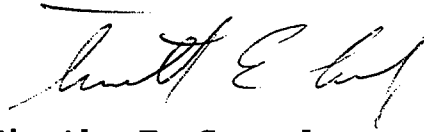

Carriers should contact Bernie Stankus on (202) 366-4387 for questions relating to this directive and the attached tables, and where warranted, for assistance in improving their overall reporting performance. Questions relating to specific problems encountered in preparing or submitting schedules and reports should be directed to the following personnel:

Vicki Bradford for foreign carriers at (202) 366-4393;

Jeff Gorham for Form 41 financial at (202) 366-4406;

Jennifer Fabrizi for Form 41 traffic at (202) 366-8513; and

Alice Aslam for Form 298-C at (202) 366-4108.

Timothy E. Carmody
Director
Office of Airline Information
