Course Spotlight: FHWA Planning and Research Grants

The requirements around the administration of FHWA planning and research grants have changed. To help familiarize transportation professionals with these changes, NHI has updated its Web-based Training (WBT) series on [FHWA Planning and Research Grants](#). The refreshed three-part series provides a comprehensive overview of the management of FHWA planning

and research grants using an interactive and engaging online format. It also takes a deep dive into 23 CFR Part 420 and 2 CFR Part 200, which applies government-wide.

A must-take for planning, engineering, and fiscal staff—this training series is highly recommended for FHWA, FTA, State Departments of Transportation (DOTs), Metropolitan Planning Organization (MPOs), and other agency staff that expend or administer Federal-aid funds.

NHI continually releases new courses and updates our existing offerings based on new technologies, best practices and industry advancements. Take a look at the latest course listings and select from the links below to browse a specific program area.

[Asset Management](#)

Financial Planning for Transportation Asset Management
Introduction to Transportation Asset Management with Workshop
Developing a Transportation Asset Management Plan

[Business, Public Admin, and Quality](#)

Conducting Effective Program Reviews

[Design and Traffic Operations](#)

Access Management: Fundamental Principles and Application

Access Management: Fundamental Principles, Application, and Computation

[Environment](#)

Fundamentals of Environmental Justice

[Geotechnical](#)

Soil Nail Walls

[Highway Safety](#)

Developing Quality Crash Modification Factors

[Hydraulics](#)

SRH-2D Model Data files, Diagnostics & Verifying 2D Model Results

Model Terrain Development with Various Data Sources

[Structures](#)

Strut-and-Tie Modeling (STM) for Concrete Structures

Safety Inspection of In-Service Bridges for Professional Engineers

Tunnel Safety Inspection Refresher Prerequisite

Fundamentals of Bridge Maintenance

[Transportation Performance Management](#)

Transportation Performance Management for Pavements

The Role of Data in Transportation Performance Management

[Transportation Planning](#)

FHWA Planning and Research Grants [Series]
