

# **Medicaid's non-emergency medical transportation: The Critical Role of Mobility Services in Accessing Behavioral and Preventative Health Care Dataset**

**Dataset available at:** <https://doi.org/10.7910/DVN/DELMZ3>

(This dataset supports report **Medicaid's Non-Emergency Transportation: The Critical Role of Mobility Services in Accessing Behavioral and Preventative Care**)

This U.S. Department of Transportation-funded dataset is preserved by the Pacific Northwest Transportation Consortium (PacTrans) is the Regional University Transportation Center (UTC) for Federal Region 10 in the digital repository Harvard Dataverse (<https://dataverse.harvard.edu>), and is available at <https://doi.org/10.7910/DVN/DELMZ3>

The related final report **Medicaid's Non-Emergency Transportation: The Critical Role of Mobility Services in Accessing Behavioral and Preventative Care**, is available from the National Transportation Library's Digital Repository at <https://rosap.ntl.bts.gov/view/dot/60791>.

## **Metadata from the Harvard Dataverse Repository record:**

Dataset Persistent ID: doi:10.7910/DVN/DELMZ3

Publication Date: 2022-01-25

Title: Medicaid's non-emergency medical transportation: The Critical Role of Mobility Services in Accessing Behavioral and Preventative Health Care

Author: Mandal, Bidisha (Washington State University) - ORCID: 0000-0001-8845-4282

Description: The data used in this project cannot be shared publicly. The data were purchased from the Centers for Medicaid and Medicare Services (CMS) with specific Data Use Agreement (DUA) requirements in terms of safeguarding the confidentiality of CMS data. Researchers may download the data directly from the CMS website after completing individual requests.

Information regarding data requests and download are available at:

<https://www.cms.gov/Research-Statistics-Data-and-Systems/Computer-Data-and-Systems/MedicaidDataSourcesGenInfo/MAXGeneralInformation>

Subject: Social Sciences

Keyword: MAX data, CMS, Washington 2010-2013

Related Publication: Medicaid Analytic eXtract (MAX) outpatient administrative claims data from January 1, 2010, to December 31, 2013, from the state of Washington were analyzed. These data were obtained from the Centers for Medicare and Medicaid Services. For more information, please see <https://www.cms.gov/Research-Statistics-Data-and-Systems/Computer-Data-and-Systems/MedicaidDataSourcesGenInfo/MAXGeneralInformation> The specific Identifiable Data Files (IDFs) are 'MAX Personal summary File' (<https://resdac.org/cms-data/files/max-ps>) and 'MAX Other Services File' (<https://resdac.org/cms-data/files/max-ot>)

**National Transportation Library (NTL) Curation Note:**

As this dataset is preserved in a repository outside U.S. DOT control, as allowed by the U.S. DOT's Public Access Plan (<https://doi.org/10.21949/1503647>) Section 7.4.2 Data, the NTL staff has performed *NO* additional curation actions on this dataset. NTL staff last accessed this dataset at <https://doi.org/10.7910/DVN/DELMZ3> on 2022-04-14. If, in the future, you have trouble accessing this dataset at the host repository, please email [NTLDataCurator@dot.gov](mailto:NTLDataCurator@dot.gov) describing your problem. NTL staff will do its best to assist you at that time.
