- Ohio State Highway Patrol

July 1, 2009

The Ohio Department of Public Safety is pleased to present the 2008 Ohio Traffic Crash Facts Book, an in-depth highway safety statistical profile and analysis compiled from data supplied by law enforcement agencies from across the state. This annual report provides a comprehensive look at the driving habits of Ohioans. It also helps the Ohio Department of Public Safety and local law enforcement agencies determine priorities and allocate resources to improve highway safety in Ohio.

In 2008, Ohio continued to make improvements in highway safety. The traffic crash fatality rate continued to go down, to a near-historic low of 1,191 fatalities. Alcohol-related fatalities and the number of people who died unbelted on Ohio's roads also declined, but there is always more work to be done. We continue to track deaths and injuries in order to address any new issues that may arise as well as keep the numbers going in the right direction – down.

One of our biggest concerns is a continuing increase in motorcycle fatalities. Motorcycle fatalities have increased on Ohio's roads by 35 percent over the past three years. In the past year they jumped dramatically, from 190 in 2007 to 213 in 2008.

This has led many of our partners, from the Ohio State Highway Patrol, to the Ohio Traffic Safety Office, local law enforcement and the Ohio Department of Transportation to focus on motorcycle safety this riding season. We are committed to continuing our work with these partners to educate the public, show strong enforcement efforts and make necessary changes to the roadway to reverse these numbers and keep Ohioans safe.

We hope you will join us, whether it is for motorcycle safety or any other aspect of roadway safety, and use these statistics to help educate, encourage and promote safe driving messages. Governor Strickland remains clear that, especially in these times of difficult and tight budgets, we must help one another and share resources. Working together, we will continue to make great strides in enhancing safety for those traveling Ohio's highways.

Sincerely,

Henry Guzmán  
Director

**Mission Statement**

*"to save lives, reduce injuries and economic loss, to administer Ohio's motor vehicle laws and to preserve the safety and well being of all citizens with the most cost-effective and service-oriented methods available."*

An Equal Opportunity Employer

**At a Glance**

- Approximately **3.0** fatal crashes each day.
- Approximately **3.3** persons were killed each day.
- One person was killed every **7.4** hours.
- There were **307.1** persons injured every day.
- One person was injured every **4.7** minutes.
- Of drivers involved in crashes, **53.7 %** are males, **42.2 %** are females, and **4.1 %** are gender not stated.
- Alcohol impaired drivers were involved in **4.45 %** of all crashes.
- Alcohol impaired drivers were involved in **37.70 %** of all fatalities.
- **75.9 %** of all alcohol impaired drivers involved in crashes were males.
- **63.8 %** of all crashes occurred during the daylight.
- Motor vehicle crashes killed **48.0** children and injured **9,025.0** children through age 14.
