November 1, 2010

The Ohio Department of Public Safety is pleased to present the 2009 Ohio Traffic Crash Facts Book, an in-depth highway safety statistical profile and analysis compiled from data supplied by law enforcement agencies from across the state. This annual report provides a comprehensive look at the driving habits of Ohioans. It also helps the Ohio Department of Public Safety and local law enforcement agencies determine priorities and allocate resources to improve highway safety in Ohio.

Traffic deaths on Ohio's highways last year were at a historic low, representing the safest year on record for those traveling the state's highways – a total of 1,022 fatalities. Alcohol-related fatalities and the number of people who died unbelted on Ohio's roads also declined, but there is always more work to be done. We also witnessed a 23 percent decrease in motorcycle fatalities in 2009 after seeing a 35 percent increase between 2006 and 2008 on Ohio's roads.

We continue to track deaths and injuries in order to address any new issues that may arise as well as keep the numbers going in the right direction – down.

Preliminary data for 2010 shows us that we are currently seeing an increase in overall fatalities on Ohio's roads. This has led many of our partners, from the Ohio State Highway Patrol, to the Ohio Traffic Safety Office, local law enforcement and the Ohio Department of Transportation to continue to focus on overall safety messaging. We are committed to continuing our work with these partners to educate the public, show strong enforcement efforts and make necessary changes to the roadway to reverse these numbers and keep Ohioans safe.

It is our hope that you will use these statistics to help educate, encourage and promote safe driving messages to continue a positive traffic safety trend in our state. Working together, we will continue to make great strides in enhancing safety for those traveling Ohio's highways.

Sincerely,

Thomas J. Stickrath
Director

Mission Statement

"to save lives, reduce injuries and economic loss, to administer Ohio's motor vehicle laws and to preserve the safety and well being of all citizens with the most cost-effective and service-oriented methods available."

An Equal Opportunity Employer

At a Glance

- Approximately **2.6** fatal crashes each day.
- Approximately **2.8** persons were killed each day.
- One person was killed every **8.6** hours.
- There were **294.7** persons injured every day.
- One person was injured every **4.9** minutes.
- Of drivers involved in crashes, **53.1 %** are males, **42.7 %** are females, and **4.2 %** are gender not stated.
- Alcohol impaired drivers were involved in **4.45 %** of all crashes.
- Alcohol impaired drivers were involved in **38.16 %** of all fatalities.
- **74.7 %** of all alcohol impaired drivers involved in crashes were males.
- **64.8 %** of all crashes occurred during the daylight.
- Motor vehicle crashes killed **39.0** children and injured **8,590.0** children through age 14.
