## CIVIL AERONAUTICS MANUALS—Volume II

U. S. Department of Commerce

Civil Aeronautics Administration

Civil Aeronautics Manuals and supplements thereto are issued by the Office of Flight Operations and Airworthiness, Civil Aeronautics Administration, for the guidance of the public and are published in the Federal Register and the Code of Federal Regulations.

Supplement No. 13

September 23, 1957

SUBJECT: Revisions to CAM 1 dated November 1956, CAM 3 dated October 1956, and CAM 6 dated November 1956.

The revision to section 1.15-5 in CAM 1 concerning production inspection system standards changes the former policy to a rule. CAM 3 is revised to present acceptable design standards for electric power cable in section 3.693-1 and to make the policies of section 3.705-1, anticollision light standards, applicable to airplanes for which an application for a type certificate was made before April 1, 1957. CAM 6 is revised to present acceptable design standards for electric power cable in section 6.627-1.

The new and revised material is indicated by brackets.
