Supplement No. 4

February 25, 1957

SUBJECT: Revisions to CAM 1 dated November 1956.

Attached are revised pages for insertion in CAM 1. This revision adds new rules requiring manufacturers of replacement and modification parts to establish a fabrication inspection system within 6 months from the date of initial production of the replacement or modification parts to assure that such parts are in conformity with the design data and safe for installation on type certificated products. Standards for the inspection system are also set forth.

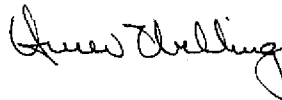

The new material is indicated by brackets.

Remove and destroy the following pages:

VII and VIII
23 and 24

Insert in lieu thereof the following new pages:

VII through IX
23 through 24-1

FOR WILLIAM B. DAVIS,

*Director, Office of Flight
Operations and Airworthiness.*
