

U.S. Department
of Transportation
**Federal Aviation
Administration**

Advisory Circular

AC No: 00-44II

Date: May 1997

Subject: STATUS OF FEDERAL AVIATION REGULATIONS

1. PURPOSE.

This circular provides the public with the current publication status of the loose-leaf Federal Aviation Regulations, prices, and order form. This Advisory Circular will be updated later this year because of the frequent changes.

2. CANCELLATION.

AC 00-44HH, dated August 1996, is cancelled.

3. HOW TO ORDER.

- a. Enclosed is an order form, one section for subscription orders and the other for publication orders.
- b. Appendix 1 lists the parts sold as publication orders (single-sale basis); Appendix 2 lists the parts sold as subscription orders. The Special Federal Aviation Regulations (SFAR) which are presently in effect are included in their related parts. The listing of SFARs is included in this Advisory Circular as Appendix 3.

Because of their infrequent changes the following parts have recently been moved over to single sale: Parts 36, 43, 45, 103, 137, 139, 150 and 161. Part 16 is new and is also available for single sale.

- c. Federal Aviation Regulations are sold by the Superintendent of Documents. Parts having frequent changes are sold on subscription (use subscription section of form). Parts which are changed less frequently are sold on a single-sale basis and changes to these parts are sold separately (use publication section of form).
- d. Mail your order forms to Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250-7954. Direct any questions you may have to the Order and Information Desk at (202) 512-1800.

John H. Cassady
Deputy Chief Counsel

* Being prepared.

¹ Add 25% for foreign handling.

² Due to their length, complexity, and frequency of issuance, individual Airworthiness Directives are published separately in the Federal Register. Copies of Airworthiness Directives that have been issued are for sale in summary form by DOT/FAA, the consigned agent for the Superintendent of Documents. Order from: DOT/FAA, Aeronautical Center, Attn: AAC-23, P.O. Box 25461, Oklahoma City, Okla. 73125. (Vol. I-AD's for Small Aircraft is \$113.00 plus \$28.25 additional for foreign handling. Vol. II-AD's for Large Aircraft is \$130.00 plus \$32.50 additional for foreign handling.)

³ Due to their length, complexity, and frequency of issuance, individual airspace designations, airways descriptions, restricted areas, jet route descriptions, and IFR altitudes are not included in the publication of these basic Parts. Such descriptions are published in the Federal Register and depicted on appropriate aeronautical charts. Aeronautical charts can be obtained from the U.S. Department of Commerce, National Oceanic and Atmospheric Administration, National Ocean Service, Distribution Branch (N/CG33), Riverdale, Maryland 20737.

⁴ Standard Instrument Approach Procedures are published in the Federal Register by reference to FAA documents which are available for examination in the Rules Docket (AGC-204) and the National Flight Data Center, FAA Headquarters, Washington, DC, and at the appropriate FAA Regional Offices and Flight Inspection District Offices. These Instrument Approach Procedures Charts can be obtained from the U.S. Department of Commerce, National Oceanic and Atmospheric Administration, National Ocean Service, Distribution Branch (N/CG33), Riverdale, Maryland 20737.
