ADVISORY CIRCULAR

DEPARTMENT OF TRANSPORTATION
Federal Aviation Administration
Washington, D.C.

Subject: STATUS OF FEDERAL AVIATION REGULATIONS

1. PURPOSE.

This circular sets forth the current publication status of the Federal Aviation Regulations, any Changes issued to date, and provides a price list and ordering instructions.

2. CANCELLATION.

AC 00-44K, dated November 15, 1978, is cancelled.

3. PRINCIPAL CHANGES.

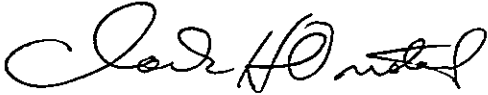

The Special Federal Aviation Regulations (SFARs) which are presently in effect are included in their related FAR Parts. The listing of SFARs is included in this Advisory Circular as Appendix 3.

4. HOW TO ORDER

- a. Federal Aviation Regulations are sold by the Superintendent of Documents. Send orders for FARs to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. A check or money order payable to the Superintendent of Documents must be included with the order. The prices of all FAR publications are listed in Appendixes 1 and 2.
- b. Only Parts having frequent Changes are sold on subscription. Parts which are changed less frequently are sold on a single-sale basis and Changes to these Parts are sold separately.
- c. To expedite your order, prepare separate lists for subscription items and single-sale items. Include the Part number, title, and catalog or stock number, as appropriate, for each item ordered. Submit each list separately with the correct remittance attached. Include your name and address on each list because subscription and nonsubscription orders are separated for processing when received by the Superintendent of Documents.
- d. Prices shown were in effect on the date indicated on this list. Government documents' prices are subject to change without prior notice; therefore, the price in effect when your order is processed will be the price charged for each publication ordered.

5. FAA INTERNAL DISTRIBUTION

Distribution of FARs to FAA personnel is handled through the FAA distribution system based on the survey of requirements made in January 1974. FAA personnel should not order FARs from the Superintendent of Documents.

A handwritten signature in cursive script, appearing to read "Clark H. Onstad".

² Due to their length, complexity, and frequency of issuance, individual airspace designations, airways descriptions, restricted areas, jet route descriptions, and enroute IFR altitudes are not included in the publication of these basic Parts. Such descriptions are published in the Federal Register and depicted on appropriate aeronautical charts. Aeronautical charts can be obtained from the U.S. Department of Commerce, Distribution Division (C-44), National Ocean Survey, NOAA, Riverdale, Maryland 20840.

⁴ Standard Instrument Approach Procedures are published in the Federal Register by reference to FAA documents which are available for examination in the Rules Dockets (AGC-24) and the National Flight Data Center, FAA Headquarters, Washington, D.C., and at the appropriate FAA Regional Offices and Flight Inspection District Offices. These Instrument Approach Procedures Charts can be obtained from the U.S. Department of Commerce, National Oceanic and Atmospheric Administration, Distribution Division (C-44), National Ocean Survey, Riverdale, Maryland 20840.
