**SUBJECT :** CONSOLIDATED LISTING OF FAA CERTIFICATED REPAIR STATIONS

## 1. PURPOSE.

This circular shows the name, mailing address, certificate number, and ratings of repair stations certificated by the FAA as of July 1, 1964.

## 2. DESCRIPTION OF THE PUBLICATION.

The list is divided into FAA regions. A separate list of certificated repair stations located outside the United States is included. Requests for information relative to FAA certification and ratings should be directed to the repair station at the address shown or may be obtained from the FAA at the address included in the heading for each division of the list. Repair stations located outside the United States are subject to specific limitations. Information relative to ratings and pertinent limitation may be obtained by addressing communications to the FAA at the address specified.

Ratings of repair stations are shown by code letters and/or letters and numbers. These code letters are as follows:

A—Airframe	I—Instrument
P—Powerplant	R—Radio
PR—Propeller	AC—Accessory
SS—Specialized Service	

In those instances where any of the above letters are prefixed by the letter "L," it indicates a

limited service. In those instances where the letter is suffixed by a number, it indicates ratings in the classes as defined in Federal Aviation Regulations Part 145.

Each certificated repair station is issued FAA Form 390.1, pages 1 and 2, Operations Specifications. This form shows the privileges, responsibilities, and limitations pertinent to the repair station's ratings, and should be referred to for specific information.
