ADVISORY CIRCULAR

DEPARTMENT OF TRANSPORTATION FEDERAL AVIATION ADMINISTRATION

SUBJECT: CONSOLIDATED LISTING OF FAA CERTIFICATED REPAIR STATIONS

1. **PURPOSE.** This advisory circular provides a revised directory of all FAA certificated repair stations as of November 16, 1973. FAA certificated foreign repair stations are included at the rear of this directory.
2. **CANCELLATION.** Advisory Circular 140-1F dated October 29, 1971, is cancelled.
3. **RATING LEGEND.** Ratings of repair stations are described in detail in FAR 145, Repair Stations, and are shown in this listing by the following code letters and numbers:

ServiceCLASS

1 - Mechanical

2 - Electrical

3 - Electronic

a. A rating code prefixed by the letter "L" indicates a limited service. Ratings may be limited to a specific model aircraft, engine, or constituent part or to any number of parts made by a particular manufacturer.

b. A repair station number prefixed by the letters "MMF" indicates a manufacturer's maintenance facility and the ratings issued are:

L-AE = Limited Aircraft Engine

L-AI = Limited Aircraft

L-AP = Limited Appliance

L-PP = Limited Propeller

L-PA = Limited Parts

c. The repair station number suffix "F" indicates a foreign repair station.

d. The repair station number suffixes "A," "B," and "C," etc., indicate that the repair station is a satellite repair station, having the same certificate number as the parent station.

4. ADDITIONAL INFORMATION. Requests for information about specific repair stations should be directed to the repair station at the address shown in this listing. Each repair station is issued FAA Form 390.1, page 2, Operations Specifications, at the time of certification which contains fairly detailed information about the privileges, responsibilities, and limitations of the issued ratings.

NOTE: The letters "d/b/a" have been deleted in this printout since it is assumed that the name, corporation, or company below the business name is, in fact, "doing business as" the business name.

5. LISTING CHANGES. Additions, changes, and deletions to this listing are made by the FAA office that serves the area in which each repair station is located. Errors or omissions should be called to the attention of the FAA office that issued the certificate.

6. DISTRIBUTION. Copies of this publication may be obtained by requesting AC 140-1G from: Department of Transportation, Federal Aviation Administration, Distribution Unit, TAD 443.1, Washington, D.C. 20591
