ADVISORY CIRCULAR

DEPARTMENT OF TRANSPORTATION FEDERAL AVIATION ADMINISTRATION

SUBJECT: LIST OF CERTIFICATED PILOT FLIGHT AND GROUND SCHOOLS

1. PURPOSE. This circular provides a list of FAA certificated pilot flight and ground schools as of June 1974.
 2. CANCELLATION. This advisory circular cancels AC No. 140-2H, "List of Certificated Pilot Flight and Ground Schools," dated July 12, 1973.
 3. DESCRIPTION OF THE PUBLICATION.
 - a. The "Explanatory Notes" section lists the various codes used to designate school ratings and special courses. It also lists those codes used on the Aircraft Dispatcher, Flight Navigator, and Flight Engineer Approved Course List. Further, this section explains the use of air carrier designation symbols and lists other self-explanatory items of interest.
 - b. The schools are listed in alphabetical order within the state, U.S. possession, or territory in which they are located. Each school listing includes the name of the school, its mailing address, certificate number, and ratings and special courses authorized.
 - c. Multiple schools operating under a single certificate number are listed within their respective geographic locations and also appear as a separate listing on page 75 of this publication.
 - d. The Aircraft Dispatcher, Flight Navigator, and Flight Engineer Approved Course List is listed in alphabetical order by Region. Each listing includes the name of the business, its mailing address, courses offered, and the certificate-holding office.

2. The codes used to designate the courses and equipment offered on the Dispatcher, Navigator, and Engineer Approved Course List are as follows:
- AD Aircraft Dispatcher
 - FN Flight Navigator
 - FEB Flight Engineer-Basic
 - FER Flight Engineer-Reciprocating
 - FEP Flight Engineer-Turboprop
 - FEJ Flight Engineer-Turbojet
3. The letters "d/b/a" have been omitted in this publication since it is assumed that the name, corporation, or company noted below the business name is, in fact, "doing business as" the business name.
4. Each pilot flight and ground school operator is expected to notify his certificating FAA office of ANY change in his school status. FAA field offices then submit FAA Form 8420-6, Certificated Pilot Flight and Ground Schools, to AAC-200 for updating this publication.
5. For computer identification purposes, special codes are used when more than one school is operating under a single certificate number. These schools, in addition to their normal certificate numbers, are further identified by letter and number symbols. The letters A, B, C, etc., identify the school, and the numbers 2, 3, 4, etc., indicate the number of schools operating under that single certificate number.
6. Air carrier designation symbols are included on page for the convenience of FAA personnel only. These symbols are for the future use of FAA field office personnel when processing AC Form 8060-40, Airman Written Test Applications, for applicants who received training from air carriers. When this program is implemented, the appropriate symbol will be entered in the space provided for the Certificated School Number portion of Card B on the application form. The air carriers listed on page do not conduct schools or training for the general public.
7. Requests for information concerning any school not listed should be addressed to the Regional Director of the appropriate FAA region as follows:
