GENERAL

1. Pilot school operators are expected to notify their certificating FAA field office of ANY CHANGE in their school status.
2. For computer identification purposes, special codes are used when a "base" school with "satellite" schools elects to operate under a single certificate number. Such schools are specifically identified by additional alpha/numeric symbols. The letters (A, B, C, etc.) identify the specific school, and the numbers (2, 3, 4, etc.) indicate the number of schools operating under that single certificate number. Consider these two examples:

A2+PS304-7 (Base school)
B2+PS304-7 (Satellite school)

The letter "A" in the first example indicates that school to be the "base" school. The letter "B" in the second example indicates that school to be the "satellite" school. The number "2" in each example indicates that there are two schools operating under that single certificate number.

3. Requests for information concerning any school not listed should be addressed to the Regional Director of the appropriate FAA region as follows:

CERTIFICATED PILOT SCHOOL CODES

Certificate Numbers. FAA District Offices assign a certificate number to each approved pilot school within their jurisdiction. The number is standardized and made up as follows:

The first two positions of the certificate number are either PC, PS, or PE, depending upon the type certificate held. The codes mean--

PC - Provisional Pilot School Certificate
 PS - Pilot School Certificate
 PE - Examining Authority

The third position is one of these alpha/numeric Regional designators--

1- Eastern	5- Alaskan	C- Great Lakes
2- Southwest	6- Pacific-Asia	D- Rocky Mountain
3- Central	7- Southern	E- New England
4- Western	8- European	S- Northwest

The fourth and fifth positions are District Office designators, such as 01, 10, 65, etc.

The sixth position is a dash. This separates the Region and District Office Designator from the pilot school designator.

The seventh, eighth, and ninth positions are reserved for the pilot school being certificated, and are assigned to the school by the approving District Office. Typical numbers are 1, 27, 128, etc.

This typical certificate number, PS304-7, indicates that the school holds a Pilot School Certificate, that it is located within the Central Region, that it falls under the jurisdiction of District Office 04, and that its assigned number is 7.

The codes used to designate ratings and courses offered by Certificated Pilot Schools are as follows:
