ADVISORY CIRCULAR

DEPARTMENT OF TRANSPORTATION
Federal Aviation Administration
Washington, D.C.

Subject: LIST OF CERTIFICATED PILOT SCHOOLS

1. PURPOSE. This circular provides a listing of pilot schools that were FAA certificated as of May 1980.

2. CANCELLATION. This circular cancels AC No. 140-2M, List of Certificated Pilot Schools, dated May 1979.

3. CIRCULAR DESCRIPTION.

a. This circular contains a listing of pilot schools that are certificated under Federal Aviation Regulations, Part 141, and a listing of Aircraft Dispatcher and Flight Engineer courses that are FAA certificated.

b. The pilot schools are listed in alphabetical order within the state, U.S. possession, or territory in which they are located. Each school listing includes the school's name, its mailing address, certificate number, and ratings or courses offered.

c. The Aircraft Dispatcher and Flight Engineer courses are listed in alphabetical order within the FAA Region in which they are located. Each listing includes the name of the business, its mailing address, courses offered, and the FAA office that issued its certificate.

d. Explanations of the codes used to identify the information supplied by this publication are found on the page immediately preceding the section to which they apply. Space limitation on the school data input document (FAA Form 8420-9, Certificated Pilot Schools) precludes the inclusion of class ratings; therefore, class ratings are not included in this circular.

4. COMMENTS AND INQUIRIES.

a. Specific comments or inquiries about a particular pilot school should be directed to that school or to the FAA field office that certificated the school.

b. Comments regarding this publication should be directed to -

GENERAL

1. Pilot school operators are expected to notify their certificating FAA field office of ANY CHANGE in their school status.
2. For computer identification purposes, special codes are used when a "base" school with a "satellite" school elects to operate under a single certificate number. Such schools are specifically identified by additional alpha/numeric symbols. The letters (A, B, C, etc.) identify the specific school, and the numbers (2, 3, 4, etc.) indicate the number of schools operating under that single certificate number. Consider these two examples:

A2+PS304-7 (Base school)
 B2+PS304-7 (Satellite school)

The letter "A" in the first example indicates that school to be the "base" school. The letter "B" in the second example indicates that school to be the "satellite" school. The number "2" in each example indicates that there are two schools operating under that single number. If three schools existed under that single certificate number, they would appear as -

A3+PS304-7 (Base School)
 B3+PS304-7 (1st satellite school)
 C3+PS304-7 (2nd satellite school)

3. Requests for information concerning any school not listed should be addressed to the Regional Director of the appropriate FAA Region as follows:

CERTIFICATED PILOT SCHOOL CODES

Certificate Numbers. FAA District Offices assign a certificate number to each approved pilot school within their jurisdiction. The number is standardized and made up as follows:

The first two positions of the certificate number are either PC, PS, or PE, depending upon the type certificate held. The codes mean--

PC - Provisional Pilot School Certificate
 PS - Pilot School Certificate
 PE - Examining Authority

The third position is one of these alpha/numeric Regional designators--

1- Eastern	5- Alaskan	C- Great Lakes
2- Southwest	6- Pacific-Asia	D- Rocky Mountain
3- Central	7- Southern	E- New England
4- Western	8- European	S- Northwest

The fourth and fifth positions are District Office designators, such as 01, 10, 65, etc.

The sixth position is a dash. This separates the Region and District Office designator from the pilot school designator.

The seventh, eighth, and ninth positions are reserved for the pilot school being certificated, and are assigned to the school by the approving District Office. Typical numbers are 1, 27, 128, etc.

This typical certificate number, PS304-7, indicates that the school holds a Pilot School Certificate, that it is located within the Central Region, that it falls under the jurisdiction of District Office 04, and that its assigned number is 7.

The codes used to designate ratings and courses offered by Certificated Pilot Schools are as follows:
