ADVISORY CIRCULAR

DEPARTMENT OF TRANSPORTATION FEDERAL AVIATION ADMINISTRATION

SUBJECT: DIRECTORY OF FAA CERTIFICATED AVIATION
MAINTENANCE TECHNICIAN SCHOOLS

1. PURPOSE.

This advisory circular provides a revised directory of all FAA certificated aviation maintenance technician schools (formerly mechanic schools) as of the effective date shown above.

2. CANCELLATION.

Advisory Circular No. 147-2F, dated 7/15/69, is cancelled.

3. REFERENCES.

Federal Aviation Regulations, Part 147, Aviation Maintenance Technician Schools, prescribes the requirements for issuing aviation maintenance technician school certificates and associated ratings and the general operating rules for the

holders of those certificates and ratings. Part 147 of the Federal Aviation Regulations is contained in Volume IX of those Regulations and may be purchased from the:

Superintendent of Documents
U.S. Government Printing Office
Washington, D.C. 20402

A single domestic order for Volume IX of the FARs costs \$6.00 while the same foreign order costs \$7.50. Remit the required amount of money via check or money order made payable to the Superintendent of Documents.

4. RATING LEGEND.

Ratings of aviation maintenance technician schools are described in detail in FAR 147 and

are shown in this directory by the following code letters:

- A—Airframe
- P—Powerplant
- C—Airframe and Powerplant

5. ADDITIONAL INFORMATION.

Requests for additional information about specific aviation maintenance technician schools should be directed to the school at the address shown in this directory.

Certification of a school by FAA indicates that it meets the requirements of FAR 147 for the ratings issued and does not necessarily indicate that the school has been approved for educational purposes by other Federal or State agencies. The approval status of a school by agencies other than

FAA should be determined by contacting the school or the approving agency.

6. DIRECTORY CHANGES.

Additions, changes, and deletions to this directory are made by the FAA office that serves the area in which each school is located. Errors or omissions should be called to the attention of the FAA office that issued the certificate.

7. DISTRIBUTION.

Copies of this publication may be obtained by requesting AC 147-2G from:

Department of Transportation
