# ADVISORY CIRCULAR

## DEPARTMENT OF TRANSPORTATION FEDERAL AVIATION ADMINISTRATION

**SUBJECT:** DIRECTORY OF FAA CERTIFICATED AVIATION  
MAINTENANCE TECHNICIAN SCHOOLS

---

1. PURPOSE. This advisory circular provides a revised directory of all FAA certificated aviation maintenance technician schools as of 31 July 1972.
2. CANCELLATION. Advisory Circular No. 147-2J, dated 4 February 1972, is cancelled.
3. REFERENCES. Federal Aviation Regulations, Part 147, Aviation Maintenance Technician Schools, prescribes the requirements for issuing aviation maintenance technician school certificates and associated ratings and the general operating rules for the holders of those certificates and ratings. Part 147 of the FAR is contained in Volume IX of those Regulations and may be purchased from the:

Superintendent of Documents  
Government Printing Office  
Washington, D.C. 20402

A single domestic order for Volume IX of the FAR costs \$6.00 while the same foreign order costs \$7.50. Remit the required amount of money via check or money order made payable to the Superintendent of Documents.

4. RATING LEGEND. Ratings of aviation maintenance technician schools are described in detail in FAR, Part 147, and are shown in Appendix 1 by the following letters:

A - Airframe  
P - Powerplant  
C - Airframe and Powerplant

8/14/72

5. ADDITIONAL INFORMATION. Requests for additional information about specific aviation maintenance technician schools should be directed to the school at the address shown in Appendix 1.

Certification of a school by FAA indicates that it meets the requirements of FAR, Part 147, for the ratings issued and does not necessarily indicate that the school has been approved for educational purposes by other Federal or State agencies. The approval status of a school by agencies other than FAA should be determined by contacting the school or the approving agency.

6. DIRECTORY CHANGES. Additions, changes, and deletions to the directory are made by the FAA office that serves the area in which each school is located. Errors or omissions should be called to the attention of the FAA office that issued the certificate.
7. DISTRIBUTION. Copies of this publication may be obtained by requesting AC 147-2K from:

Department of Transportation
