Advisory Circular

ANNOUNCEMENT OF AVAILABILITY

**Subject: ANNOUNCEMENT OF
AVAILABILITY--AIRPORT SELF
INSPECTION VIDEOTAPE**

**Date: 11/6/87
Initiated by: AAS-310**

**AC No: 150/5200-29
Change:**

- 1. PURPOSE.** This Advisory Circular announces the availability of the Airport Self Inspection videotape and tells how it can be obtained.
- 2. FOCUS.** This videotape was developed by the Office of Airport Standards and the Office of Aviation Safety with important input from several of the regions. The video, which is approximately 45 minutes long, is divided into nine subject areas. The subjects are: pavement; safety areas; markings and signs; lighting; navigational aids; obstructions; fuel farms; snow and ice conditions; and construction on airports. These are some of the key areas that should be examined as part of the daily inspection of airport facilities. It is expected that many airport operators will want to use it as part of their training program for airport employees.
- 3. HOW TO ORDER.** Copies of the Airport Self Inspection videotape may be obtained from the Dub Centre, 51 New Plant Court, Owings Mills, Maryland 21117, Attn: Ms. V. G. Jordan, for \$49.72 a copy in either VHS or BETA formats. The above price does not include shipping costs. Telephone inquiries should be directed to (301) 363-4810 or 1-800-382-0080.
