# Advisory Circular

Subject:

**FLIGHT STANDARDS SERVICE  
SCHEDULE OF CHARGES OUTSIDE  
THE UNITED STATES**

Date: 3/31/95  
Initiated by: AFS-50

AC No: 187-1  
Change:

1. **PURPOSE.** This advisory circular (AC) transmits a schedule of charges for services of Federal Aviation Administration (FAA) Flight Standards aviation safety inspectors outside the United States. The methodology for determining these charges and the initial charges developed by this methodology were established by rulemaking action to Federal Aviation Regulation (FAR) Part 187, Docket No. 27809; Notice No. 94-24, Fees for Certification Services and Approvals Performed Outside the United States. The rulemaking established that these fees would be published in an advisory circular.

2. **RELATED FAR SECTIONS.** Each charge listed in Appendix 1 refers to an FAA activity described in the FAR. Specific FAR reference is listed beside each category of service and charge. Generally, these charges refer to: FAR Part 187, Appendix A - Methodology for Computation of Charges; FAR Parts 61, 63, and 65 - Airman certification; FAR Parts 141, 142, 145, and 147 - Air agency certification; and FAR Part 183 - Designees.

3. **APPENDIX CHANGES.** FAA plans to review the actual costs incurred in the services listed in Appendix 1, at the beginning of each fiscal year, using the same fee methodology described in FAR Part 187, Appendix A. FAA will amend the schedule of charges on an annual basis to either increase or decrease fees, as needed. Each amended schedule would be published in the Federal Register and updated in a change to this AC.

4. **COMMENTS AND INQUIRIES.** Comments or inquiries regarding this publication should be directed to:

**Schedule of User Fees for Certification Services and Approvals Performed Outside the United States**

**ACTION:** Notice.

**SUMMARY:** This notice informs the public of the effective date of changes to the schedule of user fees for certification services and approvals outside the United States.

The methodology for computing these user fees and the resulting user fee levels were adopted through rulemaking action. This rulemaking, "Fees for Certification Services and Approvals Performed Outside the United States", Docket No. 27809, Amendment No. 187-5, is published as a final rule in this same part of the Federal Register, and will become effective on May 19, 1995. In connection with its rulemaking initiative, the FAA indicated that it will publish a notice of issuance of Advisory Circular entitled, "Flight Standards Service Schedule of Charges Outside the United States." The Final Rule requires

FAA to publish in the "Notices" section of the Federal Register all changes to the schedule of user fees for certification services and approvals performed outside the United States. This notice is issued in response to that requirement. The new schedule of fees, which will also appear in the Advisory Circular, is presented below.

**EFFECTIVE DATE:** The schedule of fees published below becomes effective on May 19, 1995.

**SUPPLEMENTARY INFORMATION:** User fees will be reviewed every year, at the beginning of the fiscal year, and adjusted either upward or downward in order to reflect the current costs of performing certification services and approvals outside the United States.

Notice of each change to a fee for a service described in the user fee schedule will be published in the "Notices" section of the Federal Register.

Issued in Washington, DC on April 10, 1995.
