**1. PURPOSE.** This advisory circular announces the availability of FAA-S-8081-5B, Airline Transport Pilot and/or Type Rating (Airplane-Helicopter) Practical Test Standards, and provides information on obtaining printed copies or electronic access of this document.

**2. GENERAL.** The Airline Transport Pilot and/or Type Rating (Airplane-Helicopter) Practical Test Standards has been published by the Federal Aviation Administration (FAA) to establish the standards for airline transport pilot certification and aircraft type ratings. These standards are to be used by FAA inspectors and designated examiners when conducting practical tests for airline transport pilot certification and aircraft type rating. Instructors and applicants should find these standards helpful in practical test preparation.

FAA-S-8081-5B contains appendixes 1 - Airplanes and 2 - Helicopters, TASK VS.
