Alan,
Does OCIO do that or does OCCI?

Hurray!!!

Randy,
Your data set has (FINALLY) been cleared.

Heidi,

I'm a little late in getting to you. I have one question for you: are you presenting data that you obtained previously in another questionnaire?

Heidi,

Jay brought this to my attention this morning. I want you to know that I am looking into it, and will get back to you by COB today with status. I am new to this position, so I simply want to ensure I get accurate information for you. I appreciate your patience.
