

**U.S. Department of Transportation
Federal Highway Administration
Report to Congress
Repurposed Earmark Submissions
4th Quarter Fiscal Year 2016**

The Consolidated Appropriations Act, 2016, directs the Secretary of the Department of Transportation to “submit consolidated reports of the information provided by the States and territories each quarter to the House and Senate Committees on Appropriations.”

Background

Section 125 of the Department of Transportation Consolidated Appropriations Act, 2016, title I of division L, Public Law 114- 113, (hereinafter “Repurposing Provision”) provides the authority for a State or territory (hereinafter “States”) to repurpose any earmark that was designated on or before September 30, 2005, and is less than 10 percent obligated or final vouchered and closed. The repurposed funds may be obligated on a new or existing project in the State within 50 miles of the earmark designation. The project must be an eligible project under the Surface Transportation Block Grant Program (STBG) (23 U.S.C. 133(b)), or the Territorial and Puerto Rico Highway Program (THP) (23 U.S.C. 165). The Repurposing Provision was available to be applied in Fiscal Year 2016. The repurposed funds must be obligated on the identified projects no later than September 30, 2019.

Discussion

In March 2016, the Federal Highway Administration (FHWA) issued guidance on the Repurposing Provision. Shortly thereafter, FHWA began receiving requests from States to repurpose earmarks. During the 3rd quarter of Fiscal Year (FY) 2016, FHWA received requests to repurpose 171 projects totaling \$149,790,783.88 from 11 States. During the 4th quarter, FHWA received requests to repurpose 2,074 projects totaling \$1,677,138,816.77 from 43 States, District of Columbia, American Samoa, and U.S. Virgin Islands. Through the FY 2016 Repurposing Provision, the States are able to put a total of \$1,826,929,600.65 of previously idle earmarked funding to use on critical highway and bridge projects.

A similar provision was authorized in FY 2017. Funds repurposed under that provision will be reported in the next required report to Congress.

Attachments

Attached is a summary of the total number and amounts of earmarked projects that were repurposed by each State and territory during FY 2016. Also attached is a detailed list of earmarked projects that were submitted during the 4th quarter of FY 2016 for repurposing.

The FHWA previously submitted a report on 3rd quarter requests for repurposing that contained information on all repurposing requests submitted to FHWA through June 30, 2016. Since the transmittal of the previous report, FHWA has completed processing those 3rd quarter requests, which has resulted in amendments to the prior list of earmarked projects. As such, the amended 3rd quarter list of earmarked projects submitted for repurposing is also attached.

Each State has reviewed the list and certified that the earmarks were eligible for repurposing, the projects receiving the funding are within 50 miles of the earmark location within the State, and the funding will be obligated for eligible purposes as required in the Repurposing Provision.

List of Repurposed Earmarks

The lists are organized by State and shows information pertaining to the original earmark on the left and new project descriptions on the right. For each earmark that was repurposed, the lists provide the description of the original earmark, amount available for repurposing, new project description(s) on which the funds will be used, and the repurposed amount for each of the identified new project descriptions.

For example, New York has an earmark for “Westchester County, NY Rehabilitation of June Road Town of North Salem” and \$520,767.00 is available for repurposing. New York is repurposing that total amount available for “ADA Sidewalks and Ramps - Upper Westchester.”

State	Demo ID	Project Description	Amount	Project Description	Amount
NY	NY272	Westchester County, NY Rehabilitation of June Road Town of North Salem	520,767.00	ADA Sidewalks and Ramps - Upper Westchester	520,767.00

In some cases, a State repurposed multiple earmarks and put that funding toward the same project. For example, New York has an earmark for “Reconstruct Main Street in the Town of Lewisboro” and \$72,106.00 is available for repurposing. The State also has an earmark for “Improvements to Clark Pl. and Cherry Ln. Rt. 6 and 6 N in Putnam County” and \$296,437.00 is available for repurposing. New York is repurposing both of those amounts for “Harlem Valley Rail Trail Extension Town of Millerton to Town of Hillsdale.”

State	Demo ID	Project Description	Amount	Project Description	Amount
NY	NY301	Reconstruct Main Street in the Town of Lewisboro	72,106.00	Harlem Valley Rail Trail Extension Town of Millerton to Town of Hillsdale	72,106.00
NY	NY302	Improvements to Clark Pl. and Cherry Ln. Rt. 6 and 6 N in Putnam County	296,437.00	Harlem Valley Rail Trail Extension Town of Millerton to Town of Hillsdale	296,437.00

In some scenarios, a State repurposed one earmark and put that funding toward multiple projects. For example, New York has an earmark for “Construct Northern State Parkway and LIE access at Marcus Ave. and Lakeville Rd. and associated Park and Ride” and \$1,362,006.00 is available for repurposing. New York is repurposing that amount for three different projects: \$500,000.00 for “Complete Plandome Rd Culvert reconstruction project, Town of North Hempstead,” \$838,142.00 for “Complete 1.7 mile segment of the Hempstead Harbor Shoreline Trail, Town of North Hempstead,” and \$23,864.00 for “Ocean Pkwy Shared Use Path Phase 3 Tobay to Captree in Babylon, Islip, Oyster Bay towns.”

State	Demo ID	Project Description	Amount	Project Description	Amount
NY	NY587	Construct Northern State Parkway and LIE access at Marcus Ave. and Lakeville Rd. and associated Park and Ride	1,362,006.00	Complete Plandome Rd Culvert reconstruction project, Town of North Hempstead	500,000.00
				Complete 1.7 mile segment of the Hempstead Harbor Shoreline Trail, Town of North Hempstead	838,142.00
				Ocean Pkwy Shared Use Path Phase 3 Tobay to Captree in Babylon, Islip, Oyster Bay towns	23,864.00
