URBAN MASS TRANSPORTATION ADMINISTRATION

WASHINGTON, D.C. 20590

The U. S. Department of Transportation's Urban Mass
Transportation Administration (UMTA) today announced the
establishment of an organizational unit within the newly created
Office of Transit Management to provide technical information
on UMTA projects. The Transit Research Information Center
(TRIC) maintains a collection of all UMTA sponsored reports,
and studies and provides information concerning their availability
and findings.

UMTA Administrator Frank C. Herringer noted that
establishment of TRIC will serve to increase the dissemination
of information about UMTA sponsored research, management,
and planning projects.

One page technical abstracts of selected reports are pre-
pared by TRIC on a regular basis and distributed monthly.
Abstracts on a specific report or on a general topic also are
prepared on request.

The publications in their entirety are neither stocked nor
distributed by TRIC. Persons desiring to obtain the complete
reports may do so from the U. S. Department of Commerce's
National Technical Information Service, 5285 Port Royal Road,
Springfield, Virginia 22151. All orders to NTIS should include
the publication title, order number, and advance payment.

Abstracts, complete titles of reports, NTIS order numbers and prices are available. Anyone wishing to receive these abstracts on a regular basis should address their request to: the Urban Mass Transportation Administration, Office of Transit Management, Transit Research Information Center, 2100 2nd Street, S.W., Room 6412, Washington, D. C. 20590, telephone (202) 426-9157.
