## FA CLUB MEMBERS PLAN EXCITING VACATIONS IN 1961

The Club's TWA JETSTREAM flight to London on September 12 will be the start of many interesting vacations for FAA employees. The roundtrip air fare is \$260 each person. The plane will leave Washington for London on September 12th and will return from Paris on October 12-leaving 30 days to be spent and enjoyed in a variety of ways in Europe.

Escorted motorcoach tours are available for those who wish to travel in comfort and with the assurance that all time can be spent enjoying the highlights of the cities and countries they visit. Tour Leaders have been appointed for the escorted tours. Lois Heinrichs, FM-333 is the TL for the Circle Tour which will include nine countries of Europe and Larry Geis, FM-316 will be the leader of the tour going to Spain and Portugal.

(Each tour will have a bus driver and a courier-escort.) Both were members of last years' tour and have detailed information about the itineraries. Some club members want independent tours and others are planning to visit friends and families. Mildred Rice, Chairman of the Travel Committee says that a trip will be planned for England, Ireland, Scotland and Wales if enough members are interested. One possibility that has been discussed is a two-weeks' tour of Britian and two-weeks' tour of Spain and Portugal...which sounds interesting. We know from the enthusiastic reports about last years' trips that the Travel Committee's tours will provide the very best in interesting and attractive travel and sightseeing. Members interested in learning more about the specific tours or the flight itself can call or write to Mildred, Lois or Larry, care of the FA Club Travel Committee.
