COMBINED FEDERAL CAMPAIGN

Final report shows DOT standing at 92.6% of monetary goal with 90% participation. Operating administrations and OST final standings are as follows:

	<u>% of Goal</u>	<u>% Participation</u>		<u>% of Goal</u>	<u>% Participation</u>
USCG	89.9	99.6	FAA	85	91
FHWA	106	92.7	FRA	106.5	100
NHTSA	91	85	UMTA	88.6	82.2
NTSB	116	100	OST	104.7	85.1

1971 campaign results, following a two-week extension of the campaign, were 94.8% of monetary goal with 95.7% participation.

CHRISTMAS CONTRIBUTIONS

The Department of Transportation Recreation Association is collecting food and toys to distribute at Christmas time. Food must be of the non-perishable variety and toys must be NEW, Christmas-wrapped and properly labeled to identify the sex and approximate age of the child for which intended. Food will go to aid needy families. Toys will be distributed to needy children and Children's Hospital. Boxes have been placed in Room 4419 for this purpose. For further information contact Mr. H. Wayne, FHWA, ext. 60550.

CLOTHING FOR KIDS DRIVE

The drive is over and DOT came in third among all Government Departments and agencies. We contributed 112 bags of clothing to needy school children while Defense and Treasury (first and second respectively) contributed more than 200 bags each.

The cooperation of all personnel in this humanitarian effort is most appreciated.

PLEASE RETURN THOSE GSA STORE SHOPPING CARTS

Carts are disappearing at a rapid rate from the GSA Retail Store in the DOT Headquarters Building. The store manager permits the use of the carts for transporting supplies from the store to your office as a courtesy. In many instances, however, the carts are not returned for several days, and in some cases they are not returned at all! If you have a GSA store shopping cart, please return it immediately. Your cooperation will be appreciated by both GSA and by your fellow DOT employees who would like to use them.

BUZZARD POINT BUILDING - PARKING FACILITIES

At this time, little information is available concerning parking in the Buzzard Point Building. Every effort is being made to gain OMB approval for the Department of Transportation to lease the parking facilities in that building. In view of the recent OMB proposals to restrict the Government's involvement in the provision of employee parking accommodations, nothing useful can be published until the OMB determination is received.

There is considerable street parking available in the immediate vicinity of the building and negotiations are in process to gain some spaces in the DOD parking lot. Parking should be no problem for the initial occupants of the building.

"SOUTHWEST SEVENTH" IS FOR EVERYBODY!

Southwest Seventh is issued for you! It is printed in sufficient quantity to provide a copy for each DOT Washington Headquarters employee. If you are not receiving your copy regularly, let your supervisor know so that your administration's Distribution Representative can arrange for an increased number of copies for your organization. A limited number of copies of recent issues are available through publications supply (ext. 64622).
