## DEPARTMENT OF TRANSPORTATION HEADQUARTERS BUILDINGS

No. 76

March 1, 1973

### BUZZARD POINT BUILDING

CONSTRUCTION: The building owner and GSA continue to set later and later target dates for construction completion for the Buzzard Point Building. GSA is currently using April 10 as a target. After a walk through the building, it would appear that that date is very optimistic.

PARKING: OMB has authorized the leasing of the parking facilities in the building. The Department is now pursuing arrangements with GSA concerning final details and clarifications.

LIGHTING AND STREET IMPROVEMENTS: D.C. Government officials state that installation has just been completed of mercury vapor street lights on Second Street, First Street, and V Street in the vicinity of the building. We have also been assured that a contract has been let and construction begun to install curbing and repave Second Street, V Street, and First Street, in the vicinity of the building. These two areas of upgrading should do much to improve working conditions for employees assigned to the Buzzard Point Building.

### DOT TENNIS TEAM WINS DEPARTMENTAL LEAGUE

The Department of Transportation Tennis Team finished first in both halves of the season against other Executive Departments and was awarded the Shreve Perpetual Trophy. The trophy, given annually to the B Division champions, was presented to the team by Mr. Heffelfinger, Assistant Secretary for Administration, at a victory luncheon.

In the post season playoff match, Transportation won 3-2 over Goddard Space Flight Center, the bottom team in the A Division, and will advance to the A Division for the 1973 season. The team is looking forward to a good season and will begin practice in April. New players are always welcome. For a tryout contact the Team Manager, Mr. Ezio Cerrelli, extension 61503.
