CAFETERIA IN DOT HEADQUARTERS BUILDING TO CLOSE AUGUST 31, 1976

Drug Fair will discontinue cafeteria food services in the Headquarters Building after expiration of its contract on August 31, 1976. Currently, there is no successor under contract to continue the food services after that date.

Over the past several months, negotiations have taken place between Drug Fair, Nassif Associates and GSA to provide food services. None of these negotiations has been successful to date; however, every attempt will be made to resolve the situation and DOT employees will be advised as developments occur.
